61. Following that single visit of DETECTIVE JOHN DOE 1 to DR. SELINGER on

August 4, 2004, sometime thereafter, Defendants accused DR. SELINGER, of unprofessional medical practices, including criminal activity. The collective Defendants' theory regarding DR. 63. Following that single visit of DETECTIVE JOHN DOE to DR. SELINGER on August 4, 2004, sometime thereafter, Defendants recklessly, wantonly, negligently, intentionally, carelessly, and with little regard for the welfare of Dr. SELINGER or the truth of their allegations, alleged that DR. SELINGER was involved in an ongoing scheme along with others to defraud individuals and insurance companies and/or to seek payment for medical services, which Dr. SELINGER did not perform.

64. Following that single visit of DETECTIVE JOHN DOE to DR. SELINGER on August 4, 2004, sometime thereafter, Defendants falsely accused DR. SELINGER, of engaging in a conspiracy to defraud, insurance fraud, enterprise corruption, grand larceny, and other alleged crimes.

65. Defendants knew, should have known, or would have known with reasonable diligence and caution that their allegations against Dr. SELINGER were unfounded, unsupported, or without legal and/or factual basis.

66. Defendant QUINN and the other individual Defendants attempted to and did, in fact, initiate a malicious criminal proceeding against DR. SELINGER wherein they falsely accused DR. SELINGER of grand larceny, enterprise corruption, conspiracy, and fraud - among other things.

67. In furtherance of their grossly negligent and/or malicious prosecution against DR. SELINGER, Defendant QUINN and the other individual Defendants collectively endeavored to make statements and submit prejudicial evidence to a Grand Jury in an effort to make sure that DR.

SELINGER would be indicted and charged with felonies.

68. In furtherance of their grossly negligent and/or malicious prosecution against DR. SELINGER, Defendant QUINN and the other individual Defendants collectively decided to submit evidence of the wrongdoing of others against DR. SELINGER to insure that the Grand Jury would indict DR. SELINGER along with others that were allegedly involved in a conspiracy to defraud.

69 Upon information and belief, Defendant QUINN and the other individual Defendants knew, should have known, or would have know had they conducted a minimal investigation that the evidence against DR. SELINGER was scant and insufficient.

70. Upon information and belief, Defendant QUINN and the other individual Defendants, with knowledge that their alleged evidence against DR. SELINGER was weak, unsupported, and uncorroborated endeavored to prejudice DR. SELINGER before the Grand Jury and assure the Dr. SELINGER would be indicted, by offering evidence of wrongdoing by other doctors, persons, and entities.

71. Upon information and belief, Defendant QUINN and the other individual Defendants each knew that their actions against DR. SELINGER was wrongful and violated DR. SELINGER'S various Constitutional rights.

72. Upon information and belief, Defendant QUINN and the other individual Defendants each knew that their allegations against DR. SELINGER would cause serious and irreparable harm to DR. SELINGER's: career, medical practice, standing in the professional community, reputation in the community in general, and family.

73. As a direct result of the collective Defendants' malicious, reckless, careless, wanton, and grossly negligent actions against DR. SELINGER before the Grand Jury, which included withholding and concealing exculpatory (*Brady*) evidence in their possession with respect to DR. SELINGER, Dr. SELINGER was indicted by the Grand Jury.

74. As a direct result of the collective Defendants' malicious, reckless, careless, wanton, and grossly negligent actions against DR. SELINGER before the Grand Jury, which included relating

evidence that was related to others to Dr. SELINGER, Dr. SELINGER was indicted by the Grand Jury.

75. As a direct result of the collective Defendants' malicious, reckless, careless, wanton, and grossly negligent actions against DR. SELINGER before the Grand Jury, which included providing unsubstantiated, uncorroborated, prejudicial, and untrue evidence about DR. SELINGER to the Grand Jury, Dr. SELINGER was indicted by the Grand Jury.

76. As a direct result of the collective Defendants' malicious, reckless, careless, wanton, and grossly negligent actions against DR. SELINGER before the Grand Jury, which included providing confusing, obscure, and incomplete evidence to the Grand Jury, Dr. SELINGER was indicted by the Grand Jury.

77. At all times relevant to the Complaint, Defendant QUINN and the other individual Defendants knew or should have know that their actions against DR. SELINGER before the Grand Jury was malicious, abusive and harmful and would cause serious injuries to DR. SELINGER, his profession and his family.

79. In addition, Defendants continued to relay and broadcast harmful, uncorroborated, unsubstantiated, malicious, prejudicial and harmful information to the media and public at large regarding DR. SELINGER and his alleged involvement in a criminal enterprise and in criminal activity.

80. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER met with DETECTIVE JOHN DOE 1 for approximately only five minutes wherein DR. SELINGER merely examined the officer's ears and moved the officer's jaw up and down.

81. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER

never asked the DETECTIVE JOHN DOE about his prior medical, dental or social history and never did more than a cursory physical examination of DETECTIVE JOHN DOE 1.

82. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER prescribed a medically unnecessary course of treatment for DETECTIVE JOHN DOE.

83. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER provided false information that DETECTIVE JOHN DOE complained about numerous symptoms, about which the DETECTIVE did not actually mention.

84. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER submitted a materially false comprehensive patient evaluation to and insurance company (St. Paul Travelers Company) regarding his treatment of DETECTIVE JOHN DOE 1.

85. Among other things, Defendants falsely advised the Grand Jury that DR. SELINGER then reported that DETECTIVE JOHN DOE 1 came for additional therapy and visits which never occurred.

86. Defendants refused to advise the Grand Jury and the public that DR. SELINGER's involvement with Omni Medical was limited. Defendant refused to advise the Grand Jury whether DR. SELINGER ever actually saw DETECTIVE JOHN DOE 1's patient file and/or whether DR. SELINGER did anything to procure payment from anyone for the treatment of DETECTIVE JOHN DOE 1.

87. Though Defendant accused DR. SELINGER of fraud in falsely reporting services to insurance companies along with Omni Medical Care, among other things, Defendants never advised the Grand Jury whether Dr. SELINGER, himself, actually or knowingly made, approved, or became aware of inaccurate or exaggerated entries for his patient (in this case DETECTIVE JOHN DOE 1).

88. Upon information and belief, Defendants, especially DETECTIVE JOHN DOE 1, knew that his allegations against DR. SELINGER were untrue and/or unfounded, yet they each continued with their false allegations against DR. SELINGER before the Grand Jury.

89. Though Defendant QUINN and the other individual Defendants were sure to accuse DR. SELINGER of being part of an alleged criminal conspiracy, Defendants knew, should have known, or would have know with minimal investigation whether DR. SELINGER actually did anything to further the alleged conspiracy - which he did not.

90. In furtherance of their intention to maliciously prosecute DR. SLEINGER and to make sure that DR. SELINGER would be negatively affected in the public eye, Defendants held press conferences and broadcasted public announcements to the media about DR. SELINGER's alleged involvement in a conspiracy, or criminal enterprise, to defraud insurance companies during several news/press conferences throughout the years 2005 and 2006.

91. Defendants, including Defendant MORGENTHAU, held several press conferences and made several public addresses wherein Defendant MORGENTHAU announced that DR. SELINGER, along with others that were arrested in connection with the alleged criminal enterprise, allegedly "used their sophisticated schemes to steal millions from insurance companies" and caused the public at large to suffer from millions of dollars in "higher insurance premiums."

92. Defendant MORGENTHAU's careless and reckless announcements to the public that DR. SELINGER was involved in criminal and unprofessional activity were made in furtherance of the alleged criminal investigation and were also made knowing that such statements were uncorroborated and would be detrimental to Plaintiffs' professional and personal reputations.

93. Defendant MORGENTHAU's and QUINN's careless and reckless announcements to the public and press that DR. SELINGER was involved in criminal and unprofessional activity were outside of the scope of the District Attorneys' duties to prosecute in good faith and were not part of the normal course of business of the District Attorney's office.

94. In addition to his wrongful public statements to the public concerning DR. SELINGER, Defendants MORGENTHAU and QUINN advanced, furthered, supported and ordered the malicious prosecution of DR. SELINGER, which was callous, reckless, and demonstrated a grossly negligent disregard for the welfare of DR. SELINGER, his profession and reputation.

95. The collective Defendants were interested merely in linking as many persons and professional medical companies as possible to the alleged enterprise corruption, as opposed to making sure that their allegations were accurate and supported as and against each individual allegedly involved (such as Plaintiff Dr. Selinger).

96. Individual Defendants, each and every one of them, were acting pursuant to their own individual personal interests and not pursuant to established the policies, practices, protocols, or procedures of the New York City Police Department and/or THE CITY OF NEW YORK when they investigated, wrongfully accused, arrested, and prosecuted Dr. SELINGER.

97. Defendants, each and every one of them, were acting pursuant to their own individual personal motives - in that - being involved in and/or being a part of a sting operation of such alleged importance, magnitude and press-worthiness would lead each individual Defendant to their own personal career advancements, political advancements, and accolades within their law enforcement profession(s). Defendants were also wrongfully attempting to procure hundreds of thousands of dollars in restitution payments and fines from DR. SELINGER - as opposed to wanting to make sure justice was done.

98. As a result of the collective Defendants' malicious, wanton, careless, reckless, intentional, and grossly negligent actions against DR. SELINGER before the Grand Jury, DR. SELINGER was wrongfully indicted and charged with felonies.

99. Upon information and belief, Defendants utilized and/or relied upon criminal allegations related to other individuals and professional medical companies to insure that DR. SELINGER would be found guilty by his professional association to the aforementioned - not because DR. SELINGER was actually involved in any of the alleged criminal activities alleged by Defendants or not because Defendants actually had information to substantiate said false allegations.

100. As a direct result of the collective Defendants' wrongful, malicious, grossly negligent, wanton, reckless, and intentional actions, DR. SELINGER was arrested and/or caused to be arrested.

115. Over two years followed after DR. SELINGER'S arrest and Defendants' commencement of the criminal action against DR. SELINGER. However, during those two years, Defendants did not obtain any new evidence on DR. SELINGER, tending to prove his association with, knowledge of, or participation in any conspiracy to defraud, larceny, improper action of any kind, or unprofessional conduct.

116. Although the evidence against DR. SELINGER remained weak and nonexistent, Defendants after over two years of alleged investigation and preparation for trial, Defendants continued their malicious prosecution against DR. SELINGER and refused to dismiss the charges against DR. SELINGER.

117. Although the evidence against DR. SELINGER remained weak and nonexistent, Defendants after over two years of alleged investigation and preparation for trial, Defendants

continued their malicious prosecution against DR. SELINGER and Plaintiffs' professional and personal lives continued to suffer irreparable and ongoing harm, injury, and damages as stated above.

118. The Defendants (collectively and individually), their employees and agents failed to carry out a proper investigation of witnesses, and exculpatory evidence even though the police were made aware and knew evidence and witnesses existed, which would have exculpated the DR. SELINGER.

119. The Defendants (collectively and individually) , their employees and agents wrongfully arrested, wrongfully imprisoned, wrongfully detained and maliciously prosecuted the DR. SELINGER based upon false and uncorroborated accusations and evidence.

120. Upon information and belief, the Defendants (collectively and individually) lacked probable cause based upon a proper investigation of the facts and therefore wrongfully arrested, wrongfully imprisoned, wrongfully detained and maliciously prosecuted DR. SELINGER in violation of his constitutional rights as secured under the Constitutions of the United States and New York State.

121. Though Defendants knew or should have known that their criminal charges against DR. SELINGER were improper, Defendants, instead of dismissing the charges, attempted to force DR. SELINGER to accept a plea agreement, which included civil forfeiture, imprisonment, and an agreement to surrender his license to practice dentistry for five years.

122. DR. SELINGER rejected the Defendant offer of a plea agreement, continued to proclaim his innocence, and called for the Defendants to conduct further investigation into their allegations. Defendants refused to heed DR. SELINGER'S concerns or their own duties to prosecute in good faith.

123. By decision of the Honorable Roger S. Hayes, Judge of the criminal court, under which DR. SELINGER'S criminal prosecution proceeded, DR. SELINGER'S criminal case (People v. Pustilnik, et al. Index No: 2005/2759) was dismissed outright with respect to DR. SELINGER on March 1, 2007.

124. Judge Hayes, in his decision dismissing the charges against DR. SELINGER wrote that there was "insufficient evidence to support any charge against Selinger."

125. In addition, Judge Hayes, in his decision dismissing the charges against DR. SELINGER, wrote that "the evidence showed that there was only a single visit by an undercover detective pretending to be a patient on a single date, August 25, 2004."

126. Judge Hayes, in his decision dismissing the charges against DR. SELINGER, wrote that "the evidence reflects that Selinger asked him questions, examined his jaw and prescribed physical therapy."

127. Judge Hayes, in his decision dismissing the charges against DR. SELINGER, wrote that "the evidence shows the Selinger never again met with [the detective] and there was no evidence in the Grand Jury he ever saw the patient's file which contained inaccurate descriptions of the patient's complaints, the type and duration of the examination Selinger performed . . . and the evaluation of his condition."

128. Judge Hayes, in his decision dismissing the charges against DR. SELINGER, wrote that "there is no evidence, direct or circumstantial, Selinger made, approved, or became aware of inaccurate or exaggerated entries for this patient, nor that he had any knowledge other members of the Putilnik Group would do so."

129. Though it was quite evident to the criminal court that DR.. SELINGER was innocent and that the charges maliciously leveled against DR. SELINGER were insufficient, Defendants refused to dismiss their counts against DR. SELINGER though they were aware of the harm said charges caused and were causing to DR. SELINGER.

AS AND FOR A FIRST COUNT
42 U.S.C. § 1983

130. The plaintiffs repeat, reiterate, and reallege each and every allegation contained in paragraphs 1 through 129 of this complaint with the same force and effect as though fully set forth herein.

131. The Individual Defendants, their agents, employees and servants, lacked reasonable

suspicion to arrest and detain DR. SELINGER.

132. The Individual Defendants, their agents, employees and servants lacked probable cause to arrest DR. SELINGER or retain him in prolonged custody .

133. The wrongful stop, false detainment, assault, wrongful arrest, malicious prosecution, and other wrongful acts conducted against the plaintiff DR. SELINGER by the collective defendants their agents, employees, officers, and servants, were committed under color of law, customs, and statutes of the State of New York.

134. Under color of law, the Defendants, their agents, employees and servants deprived the plaintiffs DR. SELINGER of hisFourth, Fifth, and Fourteenth Amendment rights to protection from unlawful search and seizure, and due process, by falsely arresting, wrongfully detaining, unlawfully and falsely charging the Plaintiff DR. SELINGER with criminal charges, of which there was no evidence or substantiation of any kind.

135. The accusations of wrongful actions leveled against the DR. SELINGER were false and were an attempt to cover up the false arrest, abuse of process, intentional and false imprisonment, false accusations, harassment, malicious prosecution, gross negligence and defamation which was been inflicted by the defendants on DR. SELINGER.

136. The false arrest and prosecution of plaintiff DR. SELINGER without probable cause, and other wrongful acts conducted against the plaintiff DR. And MRS. SELINGER by defendants, including, but not limited to defendants' unconstitutionally seizing, falsely arresting, intentionally and falsely imprisoning, falsely accusing, harassing, defaming, and maliciously charging DR. SELINGER constitutes a violation of plaintiffs' rights, secured by the Fourth Amendment to the United States Constitution, to be free from unreasonable searches and seizures. Such actions were negligent, reckless, unreasonable, grossly negligent and unauthorized, as the defendants had a duty to not subject Plaintiff to false arrest and summary punishment, but failed to prevent same and breached their duty.

137. The Individual Defendants, their agents, employees and servants acted under color

of law to deny the Plaintiffs, their constitutional rights to due process and freedom from seizure, by wrongfully charging DR. SELINGER and holding him under the threat of imprisonment for an indeterminate period of time, without providing a reasonable basis and/or investigation warranting custody, or other due process guarantees secured to the Plaintiffs by the Fifth and Fourteenth Amendments of the United States Constitution.

138. Such abuse of process was continued by the defendants, their agents, servants and employees in their refusal to adequately investigate the charges against DR. SELINGER and to properly review and investigate the actions of defendant officers and officials for their actions against DR. SELINGER.

139. Specifically, defendants failed to investigate and verify their own allegations against DR. SELINGER. Defendants, their agents, employees and servants lacked significant hearing or consideration on the substantial evidence supporting plaintiff's innocence–such evidence included scientific evidence, official reports, governmental determinations, witnesses, alibis consistent testimony, documentary evidence (or lack thereof) and the blatant lack of any true probable cause.

140. As a consequence of Defendants' wrongful actions, negligent behavior, and violation of State and Federal laws, Plaintiff was deprived of their freedom; subject to great physical mental and emotional harm; made to suffer great pain and suffering; and was subjected to great fear, terror, personal humiliation, degradation and loss to his professional reputation. Plaintiffs and continue to suffer pain and mental and emotional distress as a result of the aforesaid unlawful conduct of Defendants, their agents, employees, and servants.

141. In addition, Plaintiff MASHA SELINGER was caused to suffer undue stress, pain, embarrassment, humiliation, emotional injury, loss of financial support, loss of consortium, loss of emotional support, injury to marital relations, monetary injuries, etc.

142. That by reason of the foregoing, Plaintiffs have been damaged in the sum of TEN MILLION DOLLARS ($10,000,000.00).

AS AND FOR A SECOND COUNT
42 U.S.C. § 1983 - MUNICIPAL LIABILITY

143. The plaintiff repeats, reiterates, and realleges each and every allegation contained in paragraphs 1 through 142 of this complaint with the same force and effect as though fully set forth herein.

144. In actively inflicting and failing to prevent the above stated abuses incurred by plaintiffs, the defendants acted unreasonably, recklessly, and negligently in failing to exercise the slightest amount of due care to secure and protect the civil and constitutional rights of the plaintiffs against illegal search and seizure, physical abuse, detained custody and other due process violations. Said rights are guaranteed to the plaintiffs by 42 U.S.C. §§ 1983 and by the Fourth, Fifth, and Fourteenth Amendment of the Constitution.

145. The Defendant CITY OF NEW YORK, by and through its agents, employees, representatives, police officers, officers, and attorneys has permitted, tolerated and encouraged a pattern and practice of unjustified, unreasonable and illegal abuses and arrest by police officers of the CITY, and the wrongful detention of the same.

146. Although such police conduct was clearly and blatantly improper, said incidents were covered up by the CITY, its agents, employees and servants by official claims that the officers' harassments, false arrests, malicious prosecutions, and false imprisonments were justified and proper, or by leveling false charges against the persons so falsely charged, so as to insulate the offending police officers and other officials.

147. Said charges and official claims have been fully backed by the CITY, which has repeatedly and unreasonably sided with the abuse of persons so effected in nearly all cases, despite vast evidence of wrongdoing by its officers, including Plaintiffs herein.

148. Additionally, the CITY has systematically failed to identify the improper abuse, misuse and violative acts by police officers and officials, while further failing to subject such officers and officials to discipline, closer supervision or restraint.

149. Upon information and belief, specific systemic flaws in the CITY OF NEW YORK'S misconduct review process include but are not limited to the following:

a. Preparing reports regarding investigations of unwarranted incidents as routine point-by-point justification of the police officers actions regardless of whether such actions are justified;

b. Police officers investigating unwarranted incidents systematically fail to credit testimony by non-police officer witnesses and uncritically rely on reports by police officers involved in the incident;

c. Police officers investigating unwarranted incidents fail to include in their reports relevant factual information which would tend to contradict the statements of the police officer involved;

d. Supervisory police officers exonerate police officers for misconduct and abuse of process before the investigation of the incident by the police department has been completed;

f. hastily accepting the polices' above- as provided information from police reports regarding abuses and civil rights infringements, despite strong evidence to suggest that the police reports are inaccurate, untruthful, and meant to conceal blatant police misconduct.

150. Said cover-up by the defendant, CITY, was executed in this case, where the defendant, its agents, employees and servants failed to sufficiently investigate the truthfulness and accuracy of the DETECTIVE JOHN DOES 1-10's, statement sand instead acted under color of statute to knowingly, recklessly and/or negligently impose false criminal charges upon the DR. SELINGER.

151. Defendant CITY failed/refused to adequately train and supervise their officers, agents and representatives including but not limited to, Defendants, ROBERT M. MORGENTHAU, KATHRYN QUINN, DETECTIVES and/or POLICE OFFICERS JOHN/JANE DOES 1-10 with respect to probable cause, arrests incident to probable cause, making public statements of criminal activity about persons to which cause is lacking, conducting proper criminal investigations and follow-up investigation. The CITY's intentional failure to supervise or train individual Defendants and its other law enforcement agent directly led to the violations against Plaintiff as described in the Complaint.

152. By permitting and assisting such a pattern of police misconduct, the Defendant, CITY acted under color of custom and policy to condone, encourage and promote the deprivation

of Plaintiffs' Fourth, Fifth and Fourteenth Amendment rights; to wit the defendants THE CITY OF NEW YORK, ROBERT M. MORGENTHAU, KATHRYN QUINN, DETECTIVES and/or POLICE OFFICERS JOHN/JANE DOES 1-10 were encouraged by the CITY, to believe that their actions against the PLAINTIFFS would be accepted without impunity, just as these actions have been so accepted to date.

153. As a consequence of the defendants' systemic practice, pattern, and custom of intentionally promoting and supporting officers' and official violations of 42 U.S.C. § 1983, Plaintiffs were deprived of their freedom and physically and emotionally harmed, to the extent of which they suffered from emotional distress, financial hardship, loss of standing in the medial community, loss of standing among their peers, loss of business, injury and harm to their marital relationship, and other harm as stated in the paragraphs above.

154. As a proximate cause of the THE CITY OF NEW YORK's custom and policy of supporting and effectively promoting the very same police abuses which occurred against Plaintiffs, said plaintiffs were subjected to great fear, personal humiliation and degradation, with wanton disregard for the serious harm and damage done to the physical and emotional well beings of the plaintiffs.

155. That by reason of the foregoing, Plaintiffs have been damaged in the sum of Ten Million Dollars ($10,000,000.00).

SELINGER without cause.

158. Under color of law, the Defendants deprived DR. SELINGER of his rights to protection from unlawful search and seizure by falsely charging him criminally and prosecuting him pursuant to said criminal statutes, for which there was no evidence or substantiation of any kind to support the allegations.

159. The accusations of criminal activity leveled against DR. SELINGER by the Collective Defendants were false and lacked substantiation, corroboration, cause, justification, or factual support of any kind and was therefore malicious.

160. Even if Defendant were in possession of some form of probable cause linking DR. SELINGER to illegal activity, said probable cause diminished and or was eliminated by evidence which were known to Defendants, and/or would have been known had Defendants conducted a minimal good faith investigation.

163. At all times relevant to the Complaint, Defendants' prosecution against DR. SELINGER was committed with malicious intent or purpose and was not done in furtherance of the pursuit of justice.

164. The malicious prosecution of Plaintiffs DR. SELINGER without probable cause, and other wrongful acts conducted against the Plaintiffs by Defendants constitutes a violation of Plaintiffs' rights, secured by the New York State Constitution, to be free from unreasonable searches and seizures. Such actions were negligent, reckless, unreasonable and unauthorized, as Defendants had a duty to not subject Plaintiffs to summary punishment, but failed to prevent same and breached their duty.

165. The Defendants acted under color of law to deny the Plaintiffs their constitutional

rights to due process and freedom from seizure, by wrongfully detaining them under the threat of imprisonment, without providing any reasonable basis and or investigation warranting prosecution, or other due process guarantees secured to the Plaintiffs.

166. On March 1, 2007, all criminal charges against DR. SELINGER in the matter of People v. Pustilnik, et al. (Index No: 2005/2759), the criminal proceeding against DR. SELINGER that was maliciously initiated by the collective Defendants herein, were dismissed outright and/or terminated in DR. SELINGER'S favor.
